

# Picking your own apples

Rules  
to follow  
during  
COVID-19

## Be symptom-free

You will not be allowed on the grounds if you have symptoms, are waiting for a test result, or have had contact with someone waiting for a test result or who tested positive for COVID-19.

## Wash your hands

Washing or disinfecting your hands is mandatory before and after picking apples and/or where indicated on the grounds.

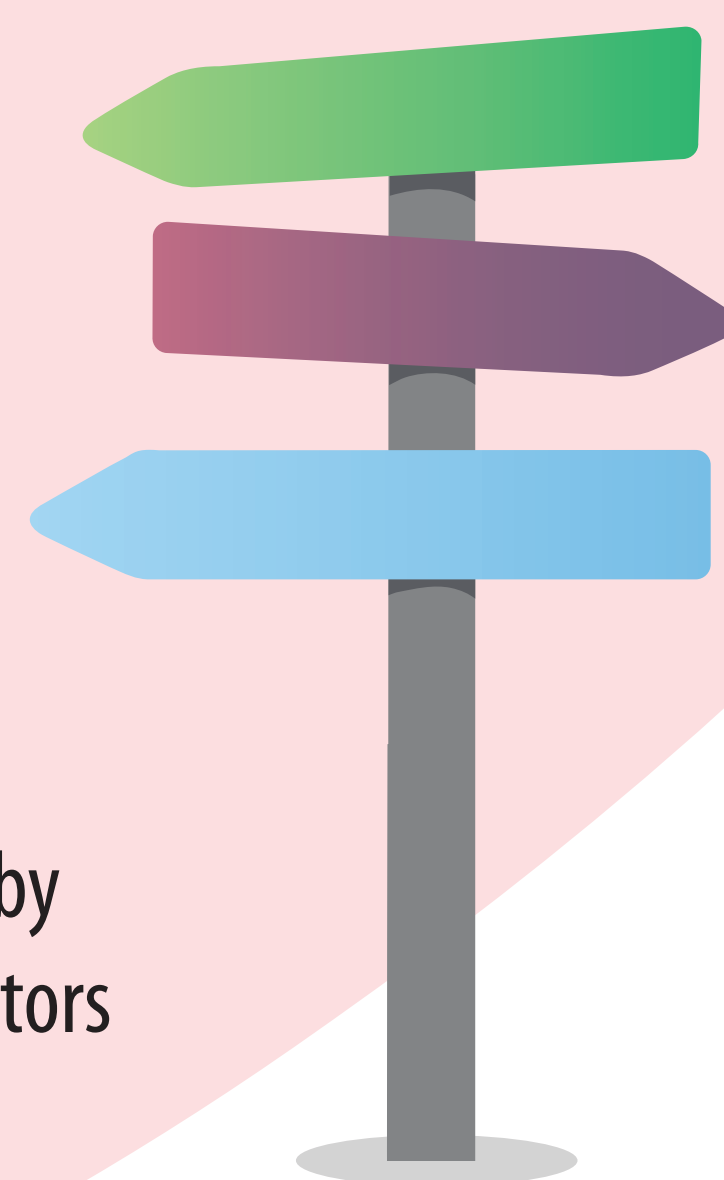

## Practice social distancing by staying two metres apart

You must stay two metres from all visitors outside your bubble at all times during your visit. **This rule applies to your children as well.**

## Stay within your picking area and follow traffic indicators

You will be shown your picking area by an employee. Follow all traffic indicators indicated on signs.

## Don't eat apples or any other food in the orchard during your visit

**Be patient!** Hand-to-mouth contact must be avoided during your visit. Wait until you are in a designated eating area before eating your apples or save them for home..

*Happy picking!*
